Education

- 2008 PhD, Institute for Public Health Genetics, School of Public Health and Community Medicine, University of Washington, Seattle WA
Dissertation: "Genetic testing for risk of common cancer: decision-making, risk reduction, and clinical utility." Coursework: social and behavioral science, genetic epidemiology, biostatistics, bioethics, health policy, pharmacogenomics, health economics, health outcomes assessment.
- 1998 MPH, Health Behavior and Health Education, School of Public Health, University of North Carolina at Chapel Hill, Chapel Hill NC. Master's project: "Readability and comprehension of pre-operative patient education materials."
- 1995 BA Sociology, Lehigh University, Bethlehem, PA. (Minors: Music, Women's Studies). Honors thesis: "Inmates' experiences of health care in a State women's prison."
- 1993-1994 Study abroad University of York, England, Department of Sociology.
-

Professional positions

- 2018-Present: Scientific Investigator I, Kaiser Permanente Washington Health Research Institute, Kaiser Foundation Health Plan of Washington, Seattle, WA
- 2015-Present: Affiliate Assistant Professor, University of Washington School of Public Health Department of Health Services, Seattle, WA.
- 2013-2018: Research Associate III, Kaiser Permanente Washington Health Research Institute, Seattle, WA
- 2010-2013: Research Associate II, Group Health Research Institute, Seattle, WA
- 2009-2010: Research Scientist/Postdoctoral Fellow, Center for Genomics and Healthcare Equality, University of Washington School of Medicine, Seattle, WA.
- 2009: Postdoctoral Research Fellow, Group Health Research Institute, Seattle, WA
- 2008-2012: Independent contractor, evidence synthesis, Spectrum Research Inc., Tacoma, WA.
- 2003-2008: Doctoral student, Pre-doctoral Fellow, Teaching Assistant, University of Washington Institute for Public Health Genetics, Seattle, WA.
- 2001-2003: Editorial Specialist, American Society of Clinical Oncology, Alexandria, VA.
- 2000-2001: Program Director, Patient Education and Support, UNC-Lineberger Comprehensive Cancer Center, Chapel Hill, NC.
- 1999-2000: Health Education Specialist (GS-12/13), National Cancer Institute, National Institutes of Health, Bethesda, MD.

Health, Bethesda, MD.

1998-1999: Technology Transfer Fellow, Office of Cancer Communications, Patient Education Branch, National Cancer Institute, National Institutes of Health, Bethesda MD.

1998: Fellow, Health Communications Internship Program, National Cancer Institute, National Institutes of Health, Bethesda, MD.

Professional Organizations

Society of Behavioral Medicine
AcademyHealth
American Society of Clinical Oncology
American Society of Preventive Oncology

Selected Research Funding

ACTIVE

3UL1TR001425-03S1 (Heubi) 9/1/2017-4/30/2019
National Human Genome Research Institute \$10,143

Optimizing sIRB for Review Genomic Research

To develop and disseminate solutions for implementing a multisite IRB review policy and infrastructure through engaging institutions participating in the NIH-funded Electronic Medical Record and Genomics (eMERGE) Network.

co-Investigator

None (Henrikson) 11/26/2018-5/31/2019
Robert Wood Johnson Foundation \$28,674

Cost of Care Toolkit for Clinical Teams: Building on Project Orca

The major goal of this project is to develop dissemination products based on the work conducted for the previous RWJF funded and completed "Project Orca". Dissemination products will target clinical audiences wishing to design workflows to support the increasing need to identify and address patient financial concerns in the clinical setting. We will develop a cost of care toolkit, consisting of several elements designed to be both actionable and educational for clinical teams.

Principal Investigator

HHS2902015000071 (Lin) 9/11/2017-5/31/2019
Agency for Healthcare Research and Quality \$77,631

Evidence Based Practice Center (EPC) V RFTO 42; Screening for Pancreatic Cancer

To support the US Preventive Services Task Force by conducting and completing systematic reviews on benefits and harms of clinical preventive services. Topics: pancreatic cancer screening (lead); behavioral counseling for skin cancer prevention (lead); screening for adolescent idiopathic scoliosis; direct to consumer genomic testing (lead); screening for pediatric familial hypercholesterolemia; screening for colorectal cancer.

Institutional Lead, Lead Investigator

R21 HD083770-01A1 (Opel) 3/1/2016-2/28/2019
National Institute of Child Health and Human Development No-cost Extension

Use of a Novel Parent-Report Measure to Improve Childhood Vaccine Uptake

Aim 1: Conduct a randomized controlled trial to determine the effect of administering and communicating Parental Attitudes About Vaccines (PACV) scores and responses to pediatric providers prior to health supervision visits on a child's immunization status at 19 months of age; 2) Aim 2: Characterize the effect of the

receipt of parental PACV scores and responses on provider communication with vaccine-hesitant parents; and 3) Aim 3: Determine parent visit experience among intervention and control groups.

Site Principal Investigator

R01HG010144-01A1 (Henrikson) 9/1/2018-8/31/2022
Agency: National Human Genome Research Institute \$2,069,163

Health Care System-Led Familial Risk Notification: Design and Ethical Assessment

The major goal of this project is to conduct a human-centered design and feasibility study of health system-led familial outreach and risk notification. All project activities will be guided by ethical frameworks of learning healthcare systems, clinical care, and public health, as well as by emerging scholarship on relational conceptualizations of autonomy and clinicians' fiduciary obligations to patients and families in genetic services.

Principal Investigator

HHS290201500007I (Lin) 7/23/2018-7/22/2020
Agency for Healthcare Research and Quality \$64,460

EPC RFTO 51: DTC Genetic Test Tech Brief

To conduct a systematic evidence review for the US Preventive Services Task Force (USPSTF) on genetic testing in primary care. The USPSTF will use the results of this review to make recommendations for genetic testing in primary care.

co-Investigator

HHS290201500007I/HHS29032006T (Lin) 9/1/2018-11/30/2020
Agency for Healthcare Research and Quality \$61,050

EPC V RFTO 49: Colorectal Cancer Screening Update

To conduct an updated systematic evidence review for the US Preventive Services Task Force (USPSTF) for Colorectal Cancer Screening. The USPSTF will use the results of this review to update their recommendations for Colorectal Cancer Screening.

co-Investigator

663-D84034 (Wong) 9/26/2018-3/31/2022
VA Health Services Research & Development \$7,757

Identifying Value-Driven Approaches to Strengthening the VA Physician Workforce

To identify factors predictive of choice of VA for employment among physicians and retention of physicians within VA. The proposed study will also seek to contribute to the growing health workforce literature, which addresses physician shortages in the general population, driven by an aging population, growing chronic disease burden and increased access to care through the Affordable Care Act.

co-Investigator

22. **Henrikson NB**, Ramsey SD. Once you know it you can't un-know it—irreversibility and uncertainty in genetic testing for cancer risk. Presentation at: Health Economics Study Group. 2006 Jul: York, England.
23. **Henrikson NB**, Veenstra DL, Burke W. Pharmacogenomic tests: more information than you need to know? Poster presented at: American College of Medical Genetics Annual Meeting. 2006 Mar 23-26: San Diego, CA.
24. **Henrikson NB**, Harris J, Bowen D. Predictors of referral to a cancer genetics registry. Poster presented at: American Society of Preventive Oncology (ASPO). 2006 Feb 24-26: Bethesda, MD.
25. Veenstra, DL, Carlson, J, **Henrikson NB**, Garrison L, Ramsey SD. Assessing cost-effectiveness and value creation for targeted therapy in non-small cell lung cancer. Poster presented: 27th Annual Meeting of the Society for Medical Decision Making. 2005 Oct 21-24: San Francisco, CA.
26. Carlson, JJ, **Henrikson, NB**, Veenstra, DL, Ramsey, SD. A systematic review of economic evaluations of genetic testing technologies. Poster presented at: International Society of Pharmacoeconomics and Outcomes Research (ISPOR) 10th Annual International Meeting. 2005 May 15-18: Washington, D.C.
27. Carlson, JJ, **Henrikson, NB**, Veenstra, DL, Ramsey, SD. Economic analyses of human genetics services: a systematic review. Poster presented at: International Health Economics Association (IHEA) 5th World Congress. 2005 Jul 10-13: Barcelona, Spain.
28. **Beidler N**. NCI's Guidelines for Patient Education Services. Presentation at: Association of Community Cancer Centers. 200 Mar: Washington, DC.
29. **Beidler N**, Crosson K. Designing educational resources for the world wide web. Platform presentation at: American Public Health Association. 1999 Nov: Chicago, IL.
30. **Beidler N**. Guidelines for designing educational resources for the world wide web. Platform presentation at: 2nd World Conference for Cancer Organizations. 1999 May: Atlanta, GA.
31. **Beidler, N**. Guidelines for establishing comprehensive cancer patient education services. Poster presented at: American Association for Cancer Education Annual Meeting. 1998 Nov: Portland, OR.
32. **Beidler N**. The NCI's Cancer Patient Education Guidelines. Platform presentation at: National Cancer Institute Cancer Patient Education Network Annual Meeting. 1999 Sep: Columbus, OH.

Teaching experience

Seminar leader, Center for Genomics and Healthcare Equality Summer Seminar, 2009. "Examining benefits and harms of genomic research for underserved communities." Summer 2009

Teaching assistant: University of Washington Institute for Public Health Genetics: Social and Behavioral Research Methods in Public Health (PHG 543). Spring 2008.

Teaching assistant: University of Washington Institute for Public Health Genetics: Pharmacoeconomics, Genetics, and Healthcare (PHG 537). Spring 2005.

Teaching assistant: University of Washington Department of Health Services: Cancer Prevention and Control (HSERV 525). Winter 2004.

Other

Trainee, MSSA Human Centered Design Training, Kaiser Permanente Garfield Innovation Center. 2018 Feb 6-7: San Leandro, CA.

Invited participant, expert consultation panel convened by Costs of Care. 2017 Oct 25: Washington, DC.

Member, Special Emphasis Panel (SEP); scientific peer review of applications responding to FOA RFA DD15-003: Using Longitudinal Data to Characterize the Natural History of Fragile X Syndrome to Improve Services and Outcomes. National Center for Birth Defects and Developmental Disabilities (NCBDDD), Centers for Disease Control and Prevention. 2015 Apr 14-15: Atlanta, GA.

Invited speaker, National Colorectal Cancer Roundtable Family History Symposium, American Cancer Society; 2014 Sep 23: Washington, DC.

First National Healthcare Transparency Summit; 2013 Dec 2-3: Washington, DC.

Grant reviewer, Institute for Translational Health Science (ITHS): Seattle, WA.

Review committee, Group Health Foundation Partnership for Innovation program: Seattle, WA.

Advisory board member, A Place for Mom; 2013-Present: Seattle, WA.

Oversight committee member, Vax Northwest; 2011-present.

Health Economics Study Group, University of York; 2006 Jul: York, England.

45th Annual Short Course in Medical & Experimental Mammalian Genetics, The Jackson Laboratory; 2005 Jul 19-30: Bar Harbor, ME.

Honors

Fellow, Society of Behavioral Medicine Leadership Institute, 2018-2019.

Nominee, Kaiser Permanente Washington Health Research Institute Mentoring Award; 2015-2018.

Phi Beta Kappa, Lehigh University, 1994.

Graduated with High Honors, Lehigh University, 1995.

Williams Senior Essay Contest: First Prize, general category, Lehigh University, 1995.

Williams Essay Contest: Sophomore social science category, Lehigh University, 1993.
