

Beverly Beth Green MD, MPH, FAHA

Date Prepared: 1/17/2022

Kaiser Permanente Washington Health Research (KPWHRI) Institute and Washington Permanente Medical Group (WPMG)

Home address:
6614 Wing Point Road NE
Bainbridge Island, Washington 98110
Secondary email grbeth11@outlook.com

Work address:
1730 Minor Avenue, Suite 1600
Seattle, Washington 98101

Work phone number (desk): 206-287-2997
Work email: Bev.B.Green@kp.org

Current Positions

Senior Investigator Kaiser Permanente Washington Health Research Institute, KPHRI (Senior investigator 4yrs, Associate Investigator 5 yrs, Affiliate Investigator 6 yrs)	Years 2018 - current
Family Physician Washington Permanente Medical Group (WPMG), Kaiser Permanente Washington (KPWA, previously Group Health Cooperative),	36 years

Education and Training

Degrees Awarded

BA, American Studies with Honors, University of Michigan, Ann Arbor, WA, USA	Year Issued 1973
MD, Medical College of Ohio, Toledo, OH, USA	1977
MPH, Epidemiology, University of Washington (UW), School of Public Health, Seattle, W	1984

Postdoctoral Training

Residency, Family Medicine, Oregon Health Sciences University, Portland, OR, USA	Years 1977 - 1980
Preventive Medicine Residency, University of Washington, School of Medicine	1982 - 1984
Robert Wood Johnson Fellow, University of Washington, Dept of Family Medicine, WA,USA	1982 - 1984

Certificates

Fellow of the American Association of Hypertension (FASH)	Year Issued 2010
Fellow of the American Association of Cardiology (FAHA)	2018
FDA License, US Government	1976 - 2018, currently inactive
Citi - CR #28062174 Biomedical Human Subjects Protection certification	expires 7/13/2023
Citi - CR #28062172 Behavioral Intervention	expires 3/24/2024
Citi - CR#38952594 Responsible Conduct of Research	expires 4/24/2024

Academic Activities: Appointments and Educational Roles

Current Academic Appointments

Adjunct Associate Professor, University of Washington School of Medicine (UWSOM), Department of Family Medicine (nominated for Full Professor 2021, authorization pending) Seattle, WA, USA	Years 2006 - current
---	-------------------------

Prior Academic Appointments

Academic Committee Service

Advisory committee member for the Northwestern University-Patient-centered and Engagement Training Program (Nu-Patient) K12 Faculty Scholars Training Program	Years 2016 - 2018
Search Committees, Faculty Equity and Inclusion Committee	Multiple

Teaching in Programs and Courses

Instructor, Introduction to Clinical Medicine, UWSOM Seattle, WA, USA.	1987 - 1988
--	-------------

Clinical Teaching and Supervision

Preceptor, Maine-Dartmouth Family Practice Residency, Augusta, ME, USA	1980 - 1981
--	-------------

Preceptor, University of Oregon Family Medicine Residency, Portland, OR, USA 1981 - 1982
 Preceptor, Group Health Family Medicine Residency, Seattle, WA, USA 1982 - 1984
 Clinical Instructor, University of Washington School of Medicine, Seattle, WA 1994 - 1997

Advising and Mentoring

Years

Postdoctoral Trainees

Katie O'Farell MD, MPH, UW Family Medicine Fellow 2009 - 2012

SM. Van Brommel, Maastricht University, Netherlands 2009 - 2010
 Master's Thesis, systematic review home BP monitoring, patient and health professional knowledge, beliefs, practices

Sharon Laing PhD, UW, Health Promotion Research Center, Mentor 2012 - 2014
 Current Position: Adjunct Associate Professor, University of Washington, Tacoma

Doctoral Trainees

Christina Chun 2015 - 2016
 UW School of Human Centered Design and Engineering

Faculty

Karen Wernli PhD, KPWHRI, Primary Mentor 2019 - current
 Mentee's current position, Associate Investigator, KPHRI

Clarissa Hsu PhD, KPWHRI, Mentor 2020 - current
 Mentees current position, Associate Investigator, KPHRI

Physicians

Susan Powell, MD, MPH, Mentor, WPMG
 Mentees current position: primary care physician
 Assisted physician in obtaining funding, design, evaluation, and publishing results of a quality improvement project.

Teaching Peers

I have presented at KPWA conferences and virtual continuing education activities almost every year on the following topics: hypertension, colorectal and other cancer screening, healthy lifestyles, motivation interviewing skills training sessions.

Teaching Students

Course: Introduction to Clinical Medicine (ICM-ii), UWSOM 1995 - 1997

CME: Vietnam, CME Medical Exchange, Hue Medical College, Hue, Vietnam 2007
 Content area, hypertension and prevention of cardiovascular disease

UW, Department of Industrial Engineering, required student project. 2010 - 2011
 Title: "Improving the Accuracy of BP measurement in the Clinic" product: thesis, poster

Clinical Activities

Licensure and Board Certification

State Medical Licenses: Washington state (active) 1982 - current
 Oregon, Maine (inactive) 1980 - 1982
 Specialty Certification, Family Medicine Years: 1980, 1987, 1994, 2001, 2008 - 2015

Clinical Practice

Family Medicine physician at KPWA, practiced at least 0.50 to 0.70 FTE from 1984 to 2014, 0.30 2015 - 2017

Clinical Committee Service

Chair of the Committee on Prevention, KPWA, 2001 - 2005
 Oversight for population based preventive guidelines and strategies for implementing these

Chair, Breast Care Steering and Breast Executive Committees, KPWA 2003 - 2005
 Obesity subcommittee member, CDC/Kaiser Care Management Institute 2003 - 2006

Clinical Leadership and Administration

Associate Director of the Department of Preventive Medicine, KPWA, Seattle 1998 - 2005
 Physician lead for population based screening programs and quality improvement initiatives, KPWA
 Preventive health quality improvement activities

Professional Development Activities

Meta-analysis Course Tufts University, Boston, MA August 4 - 8, 2003
 Leadership Training, WPMG, Seattle WA 2005
 Meta-analysis Course, University of Oxford, Oxford Continuing Education, Oxford, UK May 5 - 9, 2008
 Training Institute for Dissemination and Implementation, selected for a one-week intensive workshop, San Jose, CA July 9 - 13, 2013

Professional Honors and Awards

Award	Institution	Year
Magna Cum Laude; Honors Degree in American Studies	University of Michigan, Ann Arbor	1973
Angell Scholar	University of Michigan. Ann Arbor	1973
Alpha Omega Alpha Medical Honor Society,	Medical College of Ohio	1978
American Women's Association Scholastic Achievement award	Medical College of Ohio	1978
Glenn Hartquist Award for Outstanding Clinical Practice	WPMG	1999
Recognition award for participation as an active teacher	American Family Physicians	2000
Breast Cancer Screening Program 2004 GHP Annual Team Excellence Award	KPWA (previously Group Health Cooperative)	2004
Finalist for the Lifetime Achievement Award	WPMG	2004
Author in the Room	Institute for Healthcare Improvement & JAMA	2008
Short List Nominee British Medical Journal Group Award for Research Paper of the Year.	Green BB et al. JAMA. Jun 25, 2008;299(24):2857-2867	2008
Birnbaum award for the e-BP study pharmacist's contribution to research	KPWA	2009
Top 10% of Reviewers	Journal of the American Board of Family Medicine	2009, 2014 - 2020
Fellow of the American Society for Hypertension (FASH) for contributions to hypertension research.	American Society of Hypertension	2010
Outstanding reviewer	American Journal of Preventive Medicine	2017
Associate Investigator Group – Most grant funding in 2017	Kaiser Permanente Washington Health Research Institute	2018
Fellow of the American Heart Association (FAHA) recognition of outstanding research and professional accomplishments in the field of cardiovascular medicine	American Heart Association	2018
Elected to be a member of the National Steering Committee (2 year term)	National Colorectal Cancer Round Table	2020
Vice-chair of the Section on Hypertension of the Tele-Cardiology Working Group	International Society for Telemedicine and eHealth	2021
Abbreviations: WPMG, Washington Permanente Medical Group; KPWA, Kaiser Permanente Washington; JAMA, Journal of the American Medical Association;		

Community Activities

Community-Based Presentations

The Obesity Epidemic. KCTS Connects Television Show, panel discussant, March 21, 2004 Seattle, WA

Is it Baby Fat - or Cause for Parent Concern? Community Health Forum sponsored by Group Health, the YMCA, and Bellevue School District, November 19, 2005, Bellevue, WA

Community Leadership and Administration

National Colorectal Cancer Roundtable, Steering Committee, Health Policy Committee Sponsored by the American Cancer Society and the Centers for Disease and Infection Control My main interest has been in policy change to decrease disparities in screening and cancer outcomes	2020 - current
US Blood Pressure Validated Device Listing, independent review committee Independent Review Committee member Technical expertise in validation of BP (BP) monitoring devices	2021 - present

Community Health Committee Services

Prevention Subcommittee, American Association of Health Plans	2001 - 2006
Comprehensive Cancer Control Committee Member, Washington State Department of Health	2005 - 2010
Self-Measured BP Monitoring, AHRQ technical review advisory group, systematic review	2010 - 2011
Invited panelist for creation of a PCORI request for applications for increasing hypertension control in disparity populations.	2013
Invited member of the Washington State Health Care Authority, Prevention Measures Technical Workgroup to develop a common cores set of Medicaid performance measures	2014
Primary Care Innovation Laboratory Advisory Board, UW	2016 - 2017
Million Hearts initiative, sponsored by the CDC and National Association of Community Health Centers to develop a roadmap for self-measured BP monitoring.	2017
Participant in a National Institute of Aging Workshop: Opportunities for Trials on Effect of Statins in primary prevention of cardiovascular disease in older adults, led to a RFA	2017
NHLBI working group on BP Assessment of Adults in Clinical Practice and Clinic-based Research, resulted in a white paper and journal publication on standards for BP measurement	2017
CDC sponsored expert panel on mailed fecal testing programs resulted in a white paper and publication	2019
Bree Committee (a committee appointed by the Washington state governor) member on an initiative to decrease disparities in colorectal cancer screening in Washington State.	2018 - 2020
Physicians for Social Responsibility (member during residency, and more recently)	2020 - current

Other Community Services:

Medical volunteer, New Delhi and Kasganj, India	1981
Medical volunteer, Ometeppe, Nicaragua	1994
Assisting with COVID-19 vaccination clinics in King and Kitsap County, WA	2020 - current

Grant Activities

Grant Funding

Current

Agency: National Heart, Lung, and Blood Institute (NHLBI), RO1HL136575, Devoe 2018 - 2022

Title: Evaluating Control of Hypertension - Effect of Social Determinants (ECHOES)

This study will use electronic health record (EHR) data from the ADVANCE clinical data research network of PCORnet to compare hypertension control outcomes and moderators among 2,000,000 patients receiving care from 376 Community Health Centers (CHCs) in 14 states with expanded Medicaid to 224 CHCs that did not expand Medicaid.

Role: Co-investigator

Agency: National Heart, Lung, and Blood Institute (NHLBI), Rosenberg 2018 - 2023

Title: Randomized Trial to Reduce Sitting Time and Improve Cardiometabolic Health in Older Adults (I-STAND)

Randomized trial of wrist activity monitor plus behavioral intervention to reduce sitting time. Primary outcomes sedentary time, blood pressure.

Role: Co-investigator

Agency: National Cancer Institute (NCI), U54CA163261, Corley 2018 - 2023

Title: Population-based Research to Optimize the Screening Process (PROSPR)

To conduct well-powered observational studies (8,900,000 patients) to close evidence gaps regarding in *whom* and *when* colorectal cancer screening and surveillance should be performed, *why* failures occur, and *how* to improve test effectiveness.

Role: Co-investigator

Agency: Center for Disease and Infection Control (CDC), U48 DP001911, Ko 2004 - 2024

Title: Alliance for Reducing Cancer, Northwest (ARCNW)

This Seattle-based site for the Cancer Prevention and Control Research Network, which aims to facilitate and conduct community-based cancer prevention and control research that will build upon existing knowledge of cancer prevention and control and lead to the adoption, implementation, and dissemination of successful programs in communities.

Role: Co-investigator

Agency: Patient Centered Outcomes Research Institute (PCORI), CER-1511032979, Hsu 2021 - 2024

Title: Engaging Staff to Improve COVID-19 Vaccination Rates at Long-Term Care Facilities (ENSPIRE)

A comparative cluster randomized effectiveness trial comparing different communication strategies for decreasing COVID-19 vaccine hesitancy among long-term care facility health care workers.

Role: Co-investigator

Agency: National Heart, Lung, and Blood Institute (NHLBI), RO1HL159372, Lyles 2021 - 2026

Title: Remote monitoring for Equity in Advancing Control of Hypertension (REACH)

To adapt a hypertension management program that has been shown to work in integrated delivery systems and implement it in a safety net healthcare system (San Francisco Health Network) with diverse minoritized patients randomized and test its effectiveness in a pragmatic randomized controlled trial.

Role: Co-investigator

Agency: National Cancer Institute (NCI), R01CA262015, Wernli 2021 - 2026

Title: Multilevel Interventions to Increase Adherence to Lung Cancer Screening (LARCH)

To conduct well-powered observational studies (8,900,000 patients) to close evidence gaps regarding in *whom* and *when* colorectal cancer screening and surveillance should be performed, *why* failures occur, and *how* to improve test effectiveness.

Role: Co-investigator

Completed

- Agency: Agency for Health Research and Quality, RO1HS10514,Thompson 1999 - 2003
Title: Translating Chlamydia Guidelines into Practice (TRIP)
 The goal of the study is to evaluate the effectiveness of several multi-faceted strategies for Chlamydia screening guideline implementation.
 Role: Co-investigator
- Agency: Spacelabs, HS-00-097 (Green) 2000 - 2001
Title: Validation of a Blood Pressure Kiosk
 The goal of this project was to test the accuracy and utility of the Vitastat BP monitor computer-based kiosk.
 Role: Principal Investigator
- Agency: National Cancer Institute, CA 78424-01A1, Lewis 2000 - 2005
 Agency: National Cancer Institute
Title: Helping the Mother with Breast Cancer Support Her Children
 A randomized trial to evaluate the impact of a multi-component in-home educational counseling program on the quality of the mother-child relationship and the child's behavioral-emotional adjustment to the acute phase of the mother's breast cancer treatment.
 Role: Site Principal Investigator
- Agency: National Cancer Institute, U01 CA63731, Buist 2000 - 2005
Title: Breast Cancer Surveillance in a Defined Population
 The goal of this study is to continue multidisciplinary collaboration using carefully designed prospective observational and evaluative studies to contribute to improvements in breast cancer screening and the understanding of breast cancer biology. Dr. Green is the liaison physician between the surveillance team and the GHC Breast Cancer Screening Program.
 Role: Co-investigator
- Agency: Group Health Foundation, Reid 2003 - 2004
Title: Patterns in the Use of the Adult "Periodic Health Examination"
 Retrospective analysis of utilization, costs, and co-factors related to screening examinations and tests of Group Health Patients.
 Role: Co-investigator
- Agency: Robert Wood Johnson Foundation, None, Glasgow 2003 - 2007
Title: Effectiveness of Web-based Tailored Weight Management Program (TheME)
 To test effectiveness of tailored we- based weight management program with and without nutrition and goal setting support.
 Role: Co-Investigator
- Agency: CDC, Harris, None 2005 - 2007
Title: Surveillance of Screening for Colon and Prostate Cancer in Washington State
 To establish baseline of colorectal and prostate cancer screening levels in Washington state.
 Role: Site Principal Investigator

- Agency: National Heart Lung Blood Institute, 5 R01 HL075263, Green 2004 - 2009
Title: Electronic Communications & Home BP Monitoring (e-BP)
 Randomized controlled trial testing test the use of home BP monitoring, patient portal communication, and pharmacist collaborative care to improve hypertension control.
 Total Direct Costs: \$2,000,000
 Role: Principal Investigator
- Agency: Group Health Research Institute mid-Year Requests 2006 - 2007
Title: Elevated Blood Pressure in the Electronic Medical Record (Embers)
 This analysis will ascertain the completeness of BP data and diagnoses captured in the EHR
 Role: Principal Investigator
- Agency: National Cancer Institute, R01CA121125 2007 - 2013
Title: Systems of Support (SOS) to Increase Colon Cancer Screening
 This pragmatic randomized controlled trial enrolled 4675 patients aged 50-79 overdue for colorectal cancer screening to either usual care, mailed fecal tests, mailed fecal tests plus medical assistant brief assistance, or mailed, assistance, plus nurse navigation. The primary outcome was adherence to colorectal cancer screening over two years.
 Role: Principal Investigator
- Agency: NHLBI, 1RC1HL100590 2009 - 2012
Title: Collaborative Behavioral e-Care to Decrease Cardiovascular Risk (e-Care of Heart Wellness)
 Using EHR records we identified at moderate risk for cardiovascular disease and uncontrolled hypertension to participate in a randomized controlled study of Web-based patient portal collaborative care delivered by dietitians to decrease CVD risk.
 Role: Principal Investigator
- Agency: National Heart, Lung, and Blood Institute, 2R-01HL075263 2009 - 2013
Title: Long-Term Outcomes and Costs of Web-Based Hypertension Care (e-BPLT)
 The e-BP study showed that HTN control was improved with home BP monitors, patient web-portal communications, and pharmacist assistance. We studied the long-term effects of a Web-based HTN intervention on BP and health care costs.
 Role: Principal Investigator
- Agency: Group Health Research Institute Directors Fund 2011
Title: Communications and Improving Hypertension Control in Community Practice (e-CHIP)
 Qualitative assessment of Hispanic individuals use of telehealth resources and home BP monitoring.
 Role: Principal Investigator
- Agency: National Cancer Institute, R01CA121125S 2010 - 2012
Title: Systems of Support (SOS) to Increase Colon Cancer, Administrative Supplement
 For this Administrative, we proposed three new ancillary aims: 1) Comparative adherence to a one sample fecal immunochemical fecal test (FIT), two sample FIT, and 3 sample stool guaiac test and the positive predictive value of each for CRC and advanced adenomas; 2) Time to completion of fecal testing, analyzing the time taken to complete stool testing in years 1 and 2 of the main trial; 3) Distress related to a positive fecal test.
 Role: Principal Investigator
- Agency: Agency Healthcare Research and Quality 18HS018461-02 (Saver) 2011 - 2014
Title: Controlling Disease Using Inexpensive IT Hypertension in Diabetes: Conduit-HID
 Patients with diabetes will be randomized to receive an automated BP monitor, instructions for uploading this to their existing personal health record (linked to an EMR), and phone-based nurse management or usual care. Primary outcome was changed in BP at 12 months and percent with controlled hypertension.
 Role: Consultant

- Agency: National Cancer Institute, R01CA121125, Competitive Revision 2011 - 2013
Title: Systems of Support (SOS) to Increase Colon Cancer Screening, Competitive Revision
 For this Competitive Revision, we proposed two new ancillary aims to answer the following questions: 1) Does a medical home model modify (i.e. enhance or reduce) the effectiveness of the SOS intervention? 2) Is a continued systems-level intervention required to maintain increases in CRCS for those choosing annual FOBT?
 Role: Principal Investigator
- Agency: NCI, 2R-R01CA121125, Continuation 2013 - 2019
Title: Systems of Support (SOS) to Increase Colon Cancer Screening, Continuation
 Role: Principle Investigator (4.2 calendar months per year)
 SOS interventions were continued up to 9 years, with adherence to screening (covered time) persisting long-term.
 Role: Principal Investigator
- Agency: PharmaSmart VEN-AC721331-2001 (Green) 2012 - 2013
Title: PharmaSmart Tacoma
 We placed a validated Web-enhanced BP Kiosk in a pharmacy. Patients using the pharmacy or who receive care in a nearby clinic with hypertension will be encouraged to get a smart card that can be used to track and average BPs in safety net clinic.
 Role: Principal Investigator
- Agency: National Institutes of Health UH2 AT0077882 (Coronado, Green) 2012 - 2018
Title: Strategies and Opportunities to Stop Colon Cancer in Priority Populations
 STOP CRC was a pragmatic cluster randomized trial that randomized 26 federally qualified health center clinics to either usual care or an electronic health record embedded tools to identify individuals overdue for CRC screening and facilitate stepwise implementation of a mailed fecal immunochemical program.
 Role: Co-Principle Investigator
- Agency: National Heart, Lung, and Blood Institute, R01 HL090965 (Margolis) 2013 - 2016
Title: Home Blood Pressure Telemonitoring and Case Management to Control Hypertension (Hyperlink 2)
 Competitive continuation of a telemonitoring grant to improve hypertension control in a primary care using a collaborative care team model.
 Role: Co-investigator
- Agency: NHLBI, R01 HL-125440 (Klasnja) 2014 - 2019
Title: Heart Steps: Adaptive mHealth intervention for physical activity maintenance
 The goals of this project are to develop and pilot test a mobile adaptive just-in-time intervention for physical-activity maintenance after cardiac rehabilitation. The project is also developing a new trial design—micro-randomized trials—and related statistical analyses for early-stage efficacy testing of mHealth interventions.
 Role: Site Principal Investigator
- Agency: CDC, U48 DP-14-0012 (Baldwin, Coronado, Green) 2015 - 2019
Title: BeneFITs to Increase Colorectal Cancer Screening (BeneFITs)
 A hybrid implementation-effectiveness two Medicaid health plan mailed fecal immunochemical test (FIT) programs, among 20,000 Medicaid enrollees.
 Role: Co-Principal Investigator
- Agency: NCI, R01CA121125, Disparities Supplement 2016 - 2019
Title: Systems of Support (SOS) to Increase Colon Cancer Screening, Disparities Supplement
 Randomized trial of 838 adults (predominantly people of color or Medicaid insurance) overdue for colorectal cancer screening were randomized to receive either mailed fecal immunochemical test kits only, or either 2) \$10 incentive, or 3) 1 in 10 chance of \$50 lottery incentive for completing colorectal screening.
 Total Directs: \$90,000
 Role: Principal Investigator

Agency: Amgen, Inc., Chubak

2019 - 2021

Title: Heart Failure Algorithm

Heart Failure Algorithm is an industry-funded study awarded to the Kaiser Foundation Health Plan of Washington to evaluate the accuracy of using electronic health record data to identify individuals with reduced ejection fraction heart failure.

Role: Co-Investigator

Agency: Patient Centered Outcomes Research Institute, CER-1511-32979

2016 - 2021

Title: Blood Pressure Checks for Diagnosing Hypertension (BP-CHECK)

A randomized controlled diagnostic that included 510 patients aged 18-85 with high BP and no diagnosis of hypertension and not on hypertension medications to 1 of 3 protocols for diagnosing hypertension: (1) Clinic BPs; (2) Home BPs; and (3) Kiosk BPs. All completed 24-hour ambulatory BP monitoring.

Role: Principal Investigator

Agency: Kaiser Permanente Washington Health Research Institute Development Fund Award 2017 - 2018

Title: BP-CHECK and Automated Office BP Measurements

The goal of this study is to determine the comparability of automated BP measurements and 24-hour ambulatory BP measurements, the impact of rest time, attendance, and their accuracy in diagnosing hypertension.

Role: Principal Investigator

Agency: Patient Centered Outcomes Research Institute, IHS1507-31146 (Margolis)

2016 - 2021

Title: Pragmatic Trial Comparing Telehealth Care and Optimized Clinic-Based Care for Uncontrolled High Blood Pressure (HyperLink 3)

Pragmatic cluster randomized trial included over 3000 patients with uncontrolled hypertension and compared best-practice clinic based hypertension care to pharmacist led home BP telemonitoring. The primary outcomes were change in BP over 12 months and patient reported outcomes.

Role: Co-Investigator

Pending

Agency: PCORI, Phased Large Comparative Effectiveness Studies

2023 - 2029

Title: Systolic Blood Pressure Targets and Improving Hypertension Outcomes

Pragmatic cluster randomized trial multi-site trial comparing systolic BP targets of 140 mmHg to 130 mmHg among 10,000 patients and aged 50 a risk for cardiovascular disease. The primary outcomes are combined major cardiovascular event and non-cancer deaths and differences in systolic BP.

Role: Principal Investigator

Agency: NHLBI, RO1

2022 - 2027

Title: Evaluation of Telemedicine for diabetes and hypertension care in Latinos (E-Treat)

Using a multilevel framework, assess the impact of individual- and community-level social determinants of health on the effectiveness of telemedicine in mitigating disparities in diabetes and hypertension care between Latino populations and non-Hispanic white populations in Community Health Centers

Role: Co-Investigator

Current Unfunded Projects

Title: Kaiser Permanente Washington Hypertension Care Pathway

Remote Patient BP telemonitoring program with patient portal phone app and BPs integrated into the EHR integrated into primary care, and population based care programs (nursing/pharmacy).

BP-CHECK, Blood Pressure Checks and Improving Hypertension Diagnosis, Group Health Research Institute Faculty Meeting, January 19, 2016, Seattle, WA
BeneFITs to Increase Colorectal Cancer Screening in Priority Populations, Alliance for Reducing Cancer meeting, Health Promotion Center University of Washington, January 14, 2016, Seattle, WA
- 2017 A Centralized Mailed Program and Stepped Increases of Support Increases Time in Compliance with Colorectal Cancer Screening Guidelines over 5 Years: A Randomized Trial. Selected as outstanding abstract and for oral presentation at the American Society of Preventive Oncology annual meeting, March 11, 2017, Seattle WA
The Research to Practice Pipeline: Evidence-Based Cancer Screening Guidelines Putting them into Practice and Scaling Them Up. Panel presentation lead and presenter, Health Care Systems Research Network annual meeting, San Diego, CA March 23, 2017
Getting it published: Weathering Rejection and the Path to Success. Webinar for the CTSA Rising Stars Program March 17, 2017
A Centralized Mailed Program and Stepped Increases of Support Increases Time in Compliance with Colorectal Cancer Screening Guidelines over 5 Years: A Randomized Trial. Keynote speech at World Endoscopy Organization, Chicago, IL, May 5, 2017
Patient generated biometric data, BP monitoring and other self-monitoring activities. Workshop at the Washington Academy of Family Physicians meeting, Skamania Lodge, May 6, 2017.
A Centralized Mailed Program and Stepped Increases of Support Increases Time in Compliance with Colorectal Cancer Screening Guidelines over 5 Years: A Randomized Trial. CDC Cancer Conference Atlanta, August 15, 2017
Update and Thoughts from the Phenotypes, Data Standards, and Data Quality Core of the NIH HCS Research Collaboratory National Collaboratory Webinar, August 25, 2017 – Dr. Beverly Green, presenter
The Research to Practice Pipeline: Evidence-Based Cancer Screening Guidelines Putting them into Practice and Scaling Them Up. Oral Presentation, 10th Annual Dissemination and Implementation Conference, December 6th, 2017, Crystal City, Virginia.

- 2018 Workshop on Embedded Pragmatic Clinical Trials of Therapeutic A vs. B Interventions. Moderated Panel Discussion Examples in Action. Bethesda, Maryland, May 16, 2018
Direct Mail Programs Work... But Will Health Centers Implement Them? Findings from STOP CRC. Collaboratory Webinar. February 23, 2018
- 2019 Colorectal Cancer Screening Continuing Medical Education Webinar. CME Webinar for Kaiser Network physicians. November 13, 2019
- Financial Incentives and Increasing Colorectal Cancer Screening in Disparity Populations. Invited oral presentation. National Colorectal Cancer Screening Round Table, Baltimore, MD, November 21, 2019
- Mailed FIT Summit: Mailed Outreach Reminders: Which Reminders are Most Effective? Invited Presentation Centers for Disease Control, Atlanta GA; June 29, 2019
- BeneFITs to Increase Colorectal Cancer Screening in Priority Populations. Invited Presentation Centers for Disease Control, Atlanta GA; June 28, 2019
- The Systems of Support to Increase Colorectal Cancer Screening Trial (SOS). 9-year Adherence and Outcomes. Oral presentation, International Cancer Screening Network Conference, Rotterdam, Netherlands, June 3, 2019
- Financial Incentives and Increasing Colorectal Cancer Screening in Disparity Populations. Oral presentation. Oral presentation, International Cancer Screening Network Conference, Rotterdam, Netherlands, June 5, 2019
- Accuracy of Clinic, Home, and Kiosk BP measurements compared to Ambulatory BP Monitoring for Diagnosing Hypertension. The BP-CHECK Randomized Controlled Diagnostic Trial. Oral presentation. Health Care Systems Research Network. Oral Presentation, Radcliff College, Oxford, UK; May 29, 2019
- The Systems of Support to Increase Colorectal Cancer Screening Trial (SOS). 9-year Adherence and Outcomes. Oral presentation. World Endoscopy Meeting, San Diego, California, May 17, 2019
- Financial Incentives and Increasing Colorectal Cancer Screening in Disparity Populations. Oral presentation. World Endoscopy Meeting, San Diego, California, May 17, 2019
- Partnering in Washington State to Decrease Medicaid Colorectal Cancer Screening Rate Disparities. Oral presentation. Washington State Colorectal Cancer Round Table. Seattle, Washington, May 13, 2019
- Design and Analysis of Embedded Pragmatic Research. Panel presentation, NIH Collaboratory, Bethesda, MD, May 2, 2019.
- Financial Incentives and Increasing Colorectal Cancer Screening in Disparity Populations. Oral presentation. Health Care Systems Research Network. Portland, Oregon; April 10, 2019
- Accuracy of Clinic, Home, and Kiosk BP measurements compared to Ambulatory BP Monitoring for Diagnosing Hypertension. The BP-CHECK Randomized Controlled Diagnostic Trial. Oral presentation. Health Care Systems Research Network. Portland, Oregon; April 9, 2019
- 2020 Blood Pressure Checks for Diagnosing Hypertension. Comparative Accuracy of Clinic, Home, and Kiosk BP for making a New Diagnosis of Hypertension. Oral presentation and award for best abstract. North American Primary Care Research Group Meeting Annual Meeting (Webinar). November 26, 2020
- BeneFITs for Increasing Colorectal Cancer Screening. Two-year outcomes in a Washington State Medicaid/Medicare Health Plan. Oral presentation North American Primary Care Research Group Meeting Annual Meeting (Webinar). November 25, 2020
- Transforming research findings into action: Building a strategy to decrease disparities in colorectal cancer screening at the local, regional, and state level. Conference paper presented at the: Annual Conference on the Science of Dissemination and Implementation in Health (D&I); December 2019; Arlington, VA.
- Using Research to Identify Racism, Kaiser Permanent Washington Health Research Institute August 11. Webinar Automated Office Blood Pressure and the Impact of Attendance and Rest Time. Moderated Poster Award. American Heart Association Hypertension Meeting, Webinar presented 9-20-20

- 2021 [Transforming Research Findings into Action: Advocating for a Medicaid Colorectal Cancer Screening Performance Metric.](#) Western Colorectal Cancer Consortium Conference October 15, 2021. Webinar
- [Blood Pressure Checks for Diagnosing Hypertension, Comparative Adherence to and Acceptability of Clinic, Home, Kiosk, and 24-hour Ambulatory Blood Pressure Monitoring.](#) Oral presentation. American Heart Association Annual Conference. September 29, 2021.
- [Colorectal Cancer Screening: Where Have We Been and Where Should We Go Next?](#) Bree Collaborative Presentation and presentation of workgroup recommendations (state of Washington, governor appointed advisory board, meetings open to the public) May 14, 2021, Webinar
- [Advocating for a Medicaid Colorectal Cancer Screening Performance Metric -Lessons Learned and Progress to Date.](#) World Endoscopy Organization Coalition to Reduce Inequities in CRC Screening Expert Working Group, WEO Meeting. May 6, 2021. Webinar
- [Financial Incentives and Increasing Colorectal Cancer Screening in Disparity Populations.](#) Invited oral presentation. KPWHRI Scientific Meeting Webinar, May 11, 2021
- [Blood Pressure Checks for Diagnosing Hypertension. Comparative Accuracy of Clinic, Home, and Kiosk BP for making a New Diagnosis of Hypertension.](#) Health Care Systems Research Network Annual Meeting, oral presentation, Webinar. April 2021.
- [Blood Pressure Checks for Diagnosing Hypertension. Comparative Accuracy of Clinic, Home, and Kiosk BP for making a New Diagnosis of Hypertension.](#) Webinar presentation Grand Rounds Department of Family Medicine University of Washington School of Medicine, February 2, 2021.
